Annie and Jazz have mixed feeling about the tree that Grandma is trying to save. Since the tree is over 100 years old, they'd like to have the tree saved. But, they also want the new swimming pool. Which would you rather have—the tree or the swimming pool? Write a **persuasive letter** to Mr. Castillo, Bentley's City Manager, trying to convince him to either save the tree or cut the tree down to make room for the pool.
